SAN FRANCISCO – October 21, 2021 – [Affirm](#), the payment network that empowers consumers and helps merchants drive growth, today announced that it is expanding its offering to now be accepted by [Theory](#), the New York founded label of sleek sportswear and accessories. Now, eligible consumers can shop Theory's collection of stylish men's and women's sportswear, handbags, shoes and more, while paying over time.

By selecting Affirm at checkout on [theory.com](#), approved customers can split the total cost of any purchase of \$50 or more into four biweekly, interest-free payments. Shoppers are shown the total cost of their purchase and will never pay more than they agree to upfront, as Affirm never charges any late or hidden fees.

"Theory's brand has earned a devoted following with its modern, fashion-forward sportswear designed to make anyone look and feel their best," says Silvija Martincevic, Affirm's Chief Commercial Officer. "Customers can now use Affirm to pay over time and revitalize their wardrobe without interest or hidden fees, giving them a flexible and transparent option to buy a sleek new pair of pants, or sophisticated top, stress-free."
